

# INDUSTRY AFFILIATES PROGRAM (IAP)

## IAP BENEFITS

- Join hundreds of environmental professionals from state, federal, tribal, and local governments, industry, academia, and public stakeholders
- Forecast important technical and regulatory developments
- Co-author new guidance and develop educational materials and training alongside other environmental experts
- Participate in regular in-person and virtual meetings and training

## ITRC PROJECT TEAMS

- PFAS
- Contaminants of Emerging Concern
- Vapor Intrusion
- Reuse of Solid Mining Waste
- Passive Sampling Technology
- Tire Anti-Degradants (6PPD)
- Microplastics Outreach Toolkit

## JOIN THE IAP

Visit the ITRC IAP webpage to learn more about the benefits of joining ITRC and the IAP:

<https://itrcweb.org/membership/iap>

## WHAT IS THE IAP?

ITRC created the IAP to provide opportunities for private sector companies, trade associations, and their employees to participate on active ITRC project teams

## HOW DOES IT WORK?

- Private sector companies and associations register and pay dues to join ITRC and the IAP
- Dues are based on your organization's number of employees
- Annual and half-year membership is available

## ABOUT ITRC

- ITRC is a national coalition of experts created to reduce interstate barriers to the deployment of innovative environmental technologies
- ITRC develops guidance and resources to help members improve decision-making and reduce risks to human health and the environment
- ITRC provides free online and in-person training to thousands of professionals each year
