ITRC 2023 Annual Meeting: Empowering States for Greater Environmental Results

March 20-24, 2023 ♦ Boston, MA

Dear Potential Supporter,

ITRC is entering its 29th year and is excited to celebrate with YOU! ITRC is returning to Boston Massachusetts for its 2023 Annual Meeting from March 20-24 at the Boston Park Plaza Hotel. Our meetings attract environmental leaders and professionals from state agencies; EPA, DOE, DOD, and other federal agencies; industry; and NGOs.

Each year ITRC brings together technical teams to work on solutions to some of the top environmental and health challenges nationwide. ITRC is planning for nine technical teams to meet onsite during the week and make tremendous progress in developing ITRC products. Stay-tuned for the full list of teams that will be joining our PFAS and Chemicals of Emerging Concerns (CEC) teams!

We are excited to bring back ITRC training on the final day of the Annual Meeting, Friday March 24th. Details surrounding the training will be released closer to the date of the meeting, so stay tuned!

Sponsorship opportunities for the 2023 Annual Meeting are available. To discuss these opportunities, please contact me at (202) 266-4933 or preyes@ecos.org.
